Description

Administered through The Security Officer Network's custom curriculum and assessment portal, this course prepares the officer for assessing the motivations of the participants to a security situation, developing incident or other event.

Objectives

Upon completion of the course, the participant should:

Understand basic best techniques of motivation assessment;

Have an awareness of the need for knowing the motivation of the counterparty; and

Know the tips for practicing and developing motivation assessment skills.

Requirements

The participant must submit seven reading assignments and complete a ten-question timed assessment.

Level

This is an intermediate level course; it is suitable for most participants.
